EFFORTS TO RECRUIT CERTIFIED PERSONNEL

The employing agency declares that it has implemented in policy and practices a process for conducting a diligent search that includes, but is not limited to, distributing job announcements, contacting college and university placement centers, advertising in local newspapers, exploring incentives included in the Teaching as a Priority Block Grant (refer to www.cde.ca.gov for details), participating in state and regional recruitment centers and participating in job fairs in California.

If a suitable fully prepared teacher is not available to the school district, the district made reasonable efforts to recruit an individual for the assignment, in the following order:

- A candidate who qualifies and agrees to participate in an approved internship program in the region of the school district
- An individual who is scheduled to complete initial preparation requirements within six months

RE:

2023/2024 Second Interim Report

Per Education Code Section 42127, we have examined the Second Interim Report of the Northern United Siskiyou Charter School for the 2023/2024 fiscal year to determine if it complies with the Criteria and Standards adopted by the State Board of Education, and if it allows the charter to meet its financial obligations during the current and two subsequent fiscal years.

Based on our review and analysis pursuant to Education Code Section 42131, we are satisfied that the Second Interim Report approved by the charter's governing board on March 7, 2024, accurately reflects the financial status of the charter and is consistent with the State's Criteria and Standards. We therefore concur with the charter's positive certification.

To ensure that the charter continues to remain fiscally stable, the following items should be taken into consideration:

- UNRESTRICTED DEFICIT SPENDING AND ENDING FUND BALANCE The charter's interim is projecting that unrestricted expenditures will exceed unrestricted revenue by (\$532,158.37) for a decrease in fund balance. This is an increase of \$7,988.76 from the adopted first interim report which was projected to deficit spend by (\$524,169.61). Although the Charter currently has unrestricted undesignated reserves above the state-recommended reserve for a charter of this size, deficit spending could affect the charter's ability to meet its financial obligations in the future and should avoid multi-year commitments (ongoing costs). Deficit spending should only be for one-time, non-recurring expenditures to avoid depletion of the charter's ongoing unrestricted reserves.
- AVERAGE DAILY ATTENDANCE (ADA) AND ENROLLMENT PROJECTIONS The charter's
 interim also assumes lower ADA than the adopted first interim by (2.65). Due to the
 charter's funding relying on the ADA, the charter must continue to stress the importance
 of student attendance and also make sure absence coding is accurate in the student
 information system.

The Siskiyou County Office of Education wants the charter and board to be aware of continued economic circumstances that could affect the future financial health of the charter:

- Maintaining a minimum reserve of at least two months of general fund operating
 expenditures, or about 17%. This is recommended by the Fiscal Crisis &
 Management Assistance Team (FCMAT), School Services of California (SSC), and
 many other fiscal advisors for school financing. Reserves above the state-required
 minimum reserve levels are recommended to mitigate volatility in funding, address
 unexpected costs, and manage cash flow.
- Permanent increases to salary schedules compound as employees move with the step and column provisions and as statutory benefits increase. These increases obligate charters to ongoing increased costs.
- Additional budget pressure in future years will include COLA fluctuations in LCFF revenue, expiring of one-time COVID funding, new one-time restricted funding, increasing or improving services to students as described in the charter Local Control Accountability Plan (LCAP), significant increases to employer retirement contribution rates, Secure Rural Schools/Forest Reserve permanent funding solution efforts continue, and pent-up demand for salary increases and facility needs. Charters should continue to actively monitor budgets, expenditures, revenue receipts, and cash flow regularly.

We want to acknowledge and express our appreciation to the charter's staff, the governing board, and the community for their continued diligence and hard work. If you have any questions regarding our review process, please contact me at 842-8424 or by email at sapplegate@siskiyoucoe.net.

C. FFA Report

Today we went to Willits High School to participate in the first ever middle school leadership training, called The North Coast Discovery Day! I only had one 7th grader, Ricardo, as my other 7th grader in Ag education, Zeno, was down with the flu. It was a great event though focusing on the traits of a positive, encouraging leader and to be thankful for the great leaders in our lives right now. Students played games to get to know one another and learned about the structure of an effective agriculture education program-Classroom Instruction, FFA, and SAE (Each student completes a Supervised Agricultural Experience).

Yesterday we held our monthly FFA meeting and heard from our guest speaker, Marco Freitas, who breeds swine and leads Freshwater 4H's swine education program. He brought in two adorable piglets. Getting small animals in the hands of junior high and high school students is priceless!

Earlier this month, on April 3rd, we held a chapter meeting to discuss state convention, make plans for service learning (establishing recycling at the CRC), discuss progress on our SAEs, and discuss upcoming fair guidelines and required trainings for students who plan to show or sell animals at either fair. Our chapter has been approved as an official FFA chapter to be represented at local fairs.

FFA State Conference was held March 21-24 in Sacramento. Over the weeks preceding the conference, our chapter raised all the money necessary for registration and lodging (roughly \$1300) through weekly and sometimes twice weekly bake sales! We were able to send two officers, President Catarina Freitas and Historian Ricardo Freitas, Advisor Cathie Shermer, and Parent Maria Freitas. We stayed at an Airbnb and were able to cook our own meals.

Catarina and Ricardo were our chapter's two representatives, called delegates, at the conference. On the first day, they met and discussed the main issues that would be voted on later in the conference. They explored the pros and cons of every issue. Some of the issues included: Should we allow 6th graders to join the FFA? Should we change the official color of the pants when showing animals at the fair to black? Should we change the way state officers are elected (Currently, the delegates vote on the state officers and some regions have many more delegates than other regions-our region has the fewest delegates for example)? They learned to listen to one another, to make their points in debate, to vote on what they felt was right, and to live with the results whether it turned out the way they wanted or not. I got to observe some of the debating and found it amazing! The officers asked that the students only bring up new points while debating so that new points of view could be shared and more understanding could be facilitated.

Another big thing about the state conference was hearing from experts in the various fields of agriculture, representatives from the department of education, and hearing from other positive motivational speakers encouraging the students to be selfless and giving and to push themselves to set goals and to persevere. A big message was that difficulties in life are inevitable and to lean on your strong foundation (of hard work and kindness). Finally, there were fun things about the state conference with the block party, the college and career fair, an FFA store, and getting to know the state officers! It was well worth the trip and we hope to take more chapter members next year.

We got our official charter at the state convention!!!

Your FFA Advisor, Cathie Shermer

Mt Shasta Learning Center

Students spent a day with Christian Birch from SCOE. They went to Castle Creek and made boats out of bark and other materials and had a competition to see who's would float the longest in the creek. They also went to the fog pond and collected bugs to gather data. On another day, the students went to the goat farm to gather chicken eggs, learn about beekeeping, and of course pet the goats!

We had an awesome parent appreciation night in Yreka recently. Thanks Kate and Colleen for organizing it. And thanks Sara for calling each of our Yreka LC parents to personally invite them to the appreciation night. We had food, did some ice breaker games, and had parents discuss ideas for how to best support their students at home. This is the start of a support network for parents. It was a powerful meeting. Yreka students also joined Mt Shasta students at Castle Creek and the frog pond with Christian Birch. Next year, we plan on having the learning centers share all of our science days.
